

Greetings! I am Kelly Teinert. I am 53 yrs old. I moved to Oklahoma in 2014 after living in the Greater Houston Area for 33 years. I have been married to my husband Steve for 8 years. I have 3 sons: Tristen (28), James (25), and Zach (9).

Being a Mom to boys who all have ADHD, with the youngest having ADHD and ODD, I have a good understanding of how this type of Neurodivergent Disorder affects not only the child/adult, but also the family.

I met Roger Pittman 5 years ago and absolutely loved his music passion and how he was bringing that to a therapeutic music level for children with Neurodivergent Disorders. I messaged him one day a couple of years ago and told him SIGN ME UP when he was looking for Board Members.

My hobbies include being a Baseball Mom to my youngest, working on our house, cooking, and swimming in our pool. We love to BBQ and hang out with friends/family. If I had to say what I believe to be one thing I am good at, it's definitely my cooking skills and I love cooking for lots of people.

Thank you for your interest in MLSE, Inc.® and we are looking forward to connecting with the local and state communities!
